**Re: Complaint against Judge P Streicher and KK Mthiyane**

Dear Sir/Madam:

I would like to enter a formal complaint against Judge P Streicher and Judge KK Mthiyane for their rejection of the appeal application regarding the case of the State vs. C Becker and others more commonly known as the Waterkloof four (case no: A475/2007). The case was originally heard in the Magistrate Court (case no: 14/2058/04) and was handled in a woefully inadequate manner by Magistrate Len Kotze. It was then referred to the High Court on appeal. Judge Seriti and Judge Ebersohn fully associated themselves with the judgement of Magistrate Len Kotze making themselves guilty of exactly the same misconduct as Magistrate Kotze. My analysis of Magistrate Kotze's judgement is attached to this letter as an appendix and it is important to read it as supporting documentation to this complaint. It shows the shocking lack of logic applied to the judgement and it casts a very big shadow over the ability of all higher courts to correct flawed justice.
