Dear Sir/Madam:

I would like to enter a formal complaint against Judge WJ Seriti and Judge P Ebersohn for their handling of case A475/2007 (S vs. C Becker and others). The case was originally heard in the Magistrate Court (case no: 14/2058/04) and was handled in a woefully inadequate manner by Magistrate Len Kotze. It was then referred to the High Court on appeal. Judge Seriti and Judge Ebersohn fully associated themselves with the judgement of Magistrate Len Kotze and therefore have made themselves guilty of all his errors. My analysis of Magistrate Kotze's judgement is attached to this letter as an appendix and it is important to read it as supporting documentation to this complaint.

The first incident (count 2) on that fateful night forms an important part of this case in that it is used to establish intent and behaviour. I have shown in my analysis that it is highly unlikely that it did occur. Even the State is uncertain that this event occurred. Advocate Kruger states that the witnesses might have confused the incident with something that happened on another night (see p792 ln20-23 of court documents). Magistrate Kotze and by extension Judge
